

PRESS RELEASE

Help Plan the Future of Whatcom County Parks, Recreation and Open Space.

For Immediate Release, June 6, 2013

You are invited to attend a meeting to help plan the future of Whatcom County Parks. The County is beginning a series of meetings to listen to ideas, comments and suggestions from the community which will help shape the future of County Parks and Recreation programs, trails and facilities over the next six to twenty years. The information collected will be used to update the Whatcom County Comprehensive Parks, Recreation and Open Space Plan.

We will be hosting a meeting of various user groups, partners, stake holders, and friends on Thursday evening, June 13th at 6:00 PM at the Bellingham Senior Activity Center located at 315 Halleck Street in Bellingham. While there will be a number of opportunities to participate in the planning process, this meeting will focus on the organized groups and partners that use and volunteer so many hours in our parks, trails and programs. Your participation and ideas are critical to the success of the plan and future improvements. If you know of other groups and organizations that may have an interest in this meeting, please share this information with them.
