Meeting and Work Session

1

1 **Call to Order**

2 The virtual meeting was called to order by Whatcom County Planning Commission  
3 Chair Kelvin Barton, in the Whatcom County Council Chambers at 6:31 p.m.

4 **Roll Call**

5 **Present:** : Kelvin Barton, Robert Bartel, Atul Deshmane, Jim Hansen, Dominic Mocerri,  
6 Jon Maberry, Natalie McClendon, Stephen Jackson

7 **Absent:** Kimberley Lund

8 **Staff Present:** Ryan Ericson, Mark Personius, Cliff Strong, Tammy Axlund

9 **Department Update**

10 Planning and Development Services (PDS) Director, Mark Personius announced the  
11 adoption of a new energy code which requires increased energy efficiency measures  
12 for new construction of single-family residential and multifamily residential. This  
13 resulted in 162 single-family permit intakes in the month of January, which is normally  
14 the number we get in five months.

15 Mr. Personius mentioned several aspects of affordable housing that the County is  
16 working on, addressed the numerous comments received regarding a marijuana  
17 processing facility that is in an administrative use permit review process, and reported  
18 that we are caught up on the backlog of Planning Commission meeting minutes. He  
19 then answered Commissioners' questions.

20 **Open session Public Comment**

21 **Timestamp: 15.40**

22 The following individuals provided public comment.

Wendy Harris  
Elliza Steele  
Todd Baker

David Haggith  
Holly Koon

Rainbow Medicine-  
Walker

23 The public comments were related to the negative impacts cannabis operations are  
24 having on surrounding properties, and requesting that the Commission endorse a  
25 moratorium and review of the regulations. Commissioners discussed the issue and  
26 asked clarifying questions of those who spoke.

27 Ryan Ericson, PDS staff, advised that a crop that has less than 0.3% THC is considered  
28 hemp. Hemp itself is considered an agricultural product recognized by the Department  
29 of Agriculture as an agricultural use. If a crop has over that .3% THC content, it is  
30 regulated as cannabis, which is a commercial use.

31 **Commissioner Comments**

32 **Timestamp: 48:51**

33 Commissioner Deshmane noted that he began hearing about the issue about a week  
34 ago and has reached out to Council Member Tyler Byrd, whose district it is. In addition  
35 to the enforcement issues which need to be addressed by various government  
36 agencies, he would like the Planning Commission to follow up on a potential  
37 moratorium and code changes.
